Supporting Your Business with Smarter Steel Solutions – David Welsh, GM.

NZ is facing another challenging year economically, as most of us are experiencing. We can see an agricultural, manufacturing and export lead recovery from our supply into these growing sectors. Other sectors will no doubt follow.

At Steel & Tube we have remained focussed on creating great value for our customers with strong brands and competitive products. This includes Steel Products, Fortress Fasteners, Aluminium, Stainless Steel, Chain & Rigging, ComFlor®, Roofing, Kiwi Pipe (fire protection) and now the Perry Metal Protection galvanising business joining Steel and Tube in May.

This wide portfolio and national footprint, including 17 trade shops for consumables, allows you to conveniently access a one stop shop helping simplify your supply with single contact or account management, deliveries, and less back office admin.

We are here to make life easy for you. Please call into one of our Trade stores listed below or call one of customer service team members on **0800 478 335** and let us help you with any steel solutions you require.
